PLEASE READ THIS BEFORE ORDERING FROM THIS PRICE LIST

About our inventory.

We do not keep on hand all the items listed in this price list. Instead we choose to order directly from their warehouse on an as needed basis. This insures fresh and up-to-date product. This enables us to offer many products on an on going basis instead of only carrying inventory during Halloween. We order from Ben Nye Company three to six times per week. If you order early in the day we can usually be ready to ship to you in only a few days.

About this product line.

Ben Nye makes excellent products and has steadily grown to be a stable supplier of theatrical makeup to the industry. Other vendors offer a larger variety of products. Other vendors offer some lower prices for comparable products. Ben Nye Company rarely has a back ordered item, maybe two or three per year. A back order from Ben Nye means there is a serious shortage of a chemical in the industry.

About this Vendor.

We have been doing business with Ben Nye Company for over a decade. As of 2009 we are number 15 in terms of our dealer ranking. Ben Nye is an excellent company operated by perfectionists. We can order any time of year and still get prompt shipment. BNC often ships the same day they get our order. It only takes two or three business days for us to receive an order from BNC. Ben Nye takes two vacations during the year, one around the 4th of July and another between Christmas and New Years.

About Drop Ships.

In an emergency situation we can have Ben Nye ship directly to you. In order to qualify you must be a business or school. They will not direct ship to a residence or theater. Ben Nye charges an extra fee for this service. We usually loose money if the order is less than \$100. Please avoid drop ships if you can.
